AFRINIC provides services to its members namely organisations (mostly Internet Service Providers) within its geographical service region. Any organisation can become a member of AFRINIC.

Types of membership:

- End User (Non-LIR [Local Internet Registry] and ASN holders)
-

LIR

For Provider Agretable (PA) IP address:

Fill the '[IPv4 First Allocation](#)' template

For End-User (PI) IP address

Fill the '[IPv4 End User Assignment](#)' template

For ASN

Fill the '[ASN request](#)' template

Send your request to [AFRINIC hostmasters](#) . The hostmasters will evaluate your request and contact you for follow-up.

For Reverse delegation, you do not need to become a member. Please check our [reverse delegation policy](#) for more details.

You may also need to read the full document about [LIR set-up](#) .
